**S.S.Surgimed** dates back to three decades when our fore-father Sheikh Qamar Din, established a local surgical manufacturing unit in 1980. After gaining rich experience & understanding about the Surgical Instruments, he established an Export Oriented Company in 1985.

In early 2000s, his son Mr. Sheikh Sohail Qamar took over. This is when an era of international recognition and growth started for the company in real terms. He invested heavily into the future of the company i.e. utilizing modern equipment and techniques, streamlining the manufacturing processes to gain maximum efficiency. But above all the well-groomed craftsmen and women who are our real success in this field.

He envisioned a company which goes beyond customers` expectations.

As of today, **S.S.SURGIMED** is in one of the leading manufacturer and supplier of high-quality and single-use General Surgery Instruments, Dental Instruments and Hand Tools which include specialized tweezers for Electronics assembly, Watch-making and Jewelry Assembly Lines etc. End to end manufacturing processes for these instruments are established in house which helps us to ensure consistent quality, timely deliveries and R&D for new products.

Thanks to our vigorous R&D department S.S.SURGIMED specializes in designing, prototyping, manufacturing, marketing, and distributing new products for surgeries and hand tools industry. Full instrument repair and refurbishing are performed at our facility for all original products and other expensive surgical instruments & tools.

We are a quality-conscious organization and lay a lot of emphasis upon the quality of the products offered by us. To guarantee the quality of each and every product leaving our factory premises, we have designed a very strict quality policy. We continue to manufacture all of our products in-house, to the highest quality standards, for surgeons worldwide. Our credibility and authenticity are evident from the fact that we have acquired **ISO 9001:2015**, **ISO 13485:2016** and **CE certification**.

We appreciate all our business partners who have supported us for decades and welcome new customers to benefit from our long line of skilled labor and instruments.

with utmost pleasure,

Jahanzeb Shams – Managing Partner
